EXPERIENCE

Computer Science Undergraduate Researcher, Raleigh, NC *- Intern*

May 2018 - Aug 2018

- I worked with a professor of computer science using big data technology to produce a marketing web application. We used technologies such as Apache Kafka, Node js, REST API and MongoDB to develop a new approach to digital marketing and cybersecurity.

Asante Harvest, Raleigh, NC *- Founder*

www.AsanteHarvest.com

Oct 2017 - PRESENT

- Asante Harvest is an e-commerce specialty coffee business that proudly supports producers in Kenya. I developed and currently manage all operations of the business including inventory, photography, accounting, website management, marketing, and public speaking and demonstrations.

Dunkin Donuts, Raleigh, NC *- Barista*

Feb 2016 - Aug 2016

- Worked as a Barista making custom drink orders, assisted in making food orders and operated drive-thru.
- I was consistent in expediting orders as accurate as possible in a timely manner and constantly ensured a clean working environment.
